## Day 4 Detail Questions (1): Short-Answer/Gap-Filling/Multiple-Choice/Classification Questions

A major problem in the exam is the length of the passages and you will not have time to read them all carefully. You need to train your speed reading skill so that you can read as efficiently as possible.

About two thirds of the questions in the IELTS Reading test focus on comprehension of specific information, using detail questions. A detail question asks about one piece of information in the passage rather than the passage as a whole. The answers to this kind of question are generally given in order in the passage, and the correct answer is often a restatement of what is given in the passage. This means that the correct answer often expresses the same ideas as what is written in the passage, but the words are not exactly the same. Detail questions can take the following formats:

1. Short-Answer Questions
2. Gap-Filling Questions
3. Multiple-Choice Questions
4. Classification Questions
5. True/False/Not Given Questions
6. Sentence-Completion Questions
7. Matching Questions
8. Diagram/Table/Flow Chart-Completion Questions

### I. Short-Answer Questions

**Overview**

One of the question formats in the IELTS Reading test is the short-answer questions. This kind of question tests your ability to skim for the relevant information and then scan that section in detail to answer specific questions. Most likely, you will be asked to give short answers in **NO MORE THAN THREE WORDS AND/OR A NUMBER**.
